## CAREER OBJECTIVE

I am an undergraduate looking for a job where I can use the communication skills I've developed throughout the years of playing intensive games wherein communication is the key to winning. I have always been comfortable in handling tasks, simultaneously, and still finish them on time.

## WORK EXPERIENCE

### **OAMPI Inc, Makati— Customer Service Representative (Verification Specialist)**

SEP 2020 - DEC 2023

## EDUCATION

### **De La Salle-College of Saint Benilde, Manila — Bachelor of Science in Interactive Entertainment and Multimedia Computing**

AUG 2016 - MAR 2020

### **Emilio Aguinaldo College, Manila — Bachelor of Science in Computer Engineering**

MAR 2015 - JUN 2016

### **Saint Mary's Academy, Pasay— High School**

JUN 2011 - MAR 2015

## SKILLS

### **Game Development — Unity, UE, CryEngine, Blender, etc.**

I have been into game development ever since I got my very first (capable) computer. From hosting World of Warcraft servers to creating sceneries and games.

### **Customer Relationship Management — Zendesk, Slack, ZoHo**

For three (3) years and four (4) months, I have been a customer service representative and a verification specialist; an email representative.

### **Programming — C++, C#, HTML, CSS, JS, etc.**

I have made a few websites using HTML, CSS, and JS (with and without the help of WordPress). I've also been able to make a few games using Unity and Unreal Engine 4 (C++ and C#).

## KNOWLEDGE

**Computer Enthusiast** - From the very first Intel 4004 to the current flagship of AMD, I have enjoyed providing opinions based on facts and graphs on what's best above the rest.

### **Keyboard and Mouse Enthusiast**

- The global pandemic brought our work closer to our homes. With that, we also strived to be at our optimal when it comes to productivity; tinkering and modifying our arsenal.

## PROJECTS

**Global Game Jam 2017 and 2018** - Held in Benilde. A worldwide event wherein everyone is invited to create games with their teams for 3 days.
